"The pool was conceived as chunks of ice coming out of the landscape toward the water of the pond beyond." —Peter White

COOL CUSTOMER

The landscape plan includes a pool area whose sleek, boxy shape and cool white granite reference the history of the old house, once owned by a man who made a fortune selling ice from the nearby pond. In the front yard, a stairway formed of irregular granite blocks adds a rustic, farm-like feel. *Photography by Peter Vanderwarker*
